### CARE OF THE NEW UNIFORMS

The new tux jackets should **always** be dry cleaned—**never washed**. The new formal trousers may be washed, but **should** really be dry cleaned. It is urged that they be dry cleaned only. The vest should **never** be washed: **must** be dry cleaned when soiled. **ALL PIECES, AFTER EACH SHOW.**

In case you haven't noticed, there is an extra button on the inside pocket of the tux jacket. It is suggested that it be removed to a safe storage place. **Please remember where you store it!!!!**

Each vest has an extra button sewed to the inside lining, It will probably be safer if you remove it & put it with the jacket button.

Thank you for your cooperation, Jack Webber
