

## **What you need to know to join**

Most of our singers have some barbershop experience so already know their four-part voice placement. If you don't know, please ask to see a director for voice placement.

All singers are expected to learn the words and notes of the chorus repertoire BEFORE they come to rehearsal. Although the chorus does not audition members, we have a slogan: "if you can learn the words and choreography, you can perform with us, if you can learn the notes you can sing with us". We ask you to learn them before taking the risers with us.

Since we exist solely to compete, you must be a current BHS Society, District and SCOTK Chapter member of good standing on the date of competition, typically in April and October each year. You may apply for membership at any time by completing a BHS Society application available at the sign-in desk. Once approved by the board, you will typically be notified of your acceptance at the next rehearsal and receive your membership badge.

Our standing rehearsal uniform is casual (shorts and tennis shoes) with a navy blue T-shirt or polo. The competition uniform is determined prior to contest and may be provided by the chapter from their large inventory.
